COLLEGE OF FELLOWS

Humboldt Lecture Series at Tübingen University

Photo: Dorothea Stieler, "Neue Aula, University of Tübingen"

The Humboldt Lecture Series offers Humboldt fellows the opportunity to present their work to a broader university audience and provides a platform to discuss the research of some of the most excellent researchers from all over the world in an interdisciplinary context. The Humboldt Lecture Series also operates as a meeting point for all international scholars at Tübingen University.

The Humboldt Lecture Series is organized by the College of Fellows and the Welcome Center at Tübingen University, in cooperation with the Humboldt Club Tübingen and with the Alexander von Humboldt Foundation.

College of Fellows

GESCHWISTER-SCHOLL-PLATZ, 72074 TÜBINGEN

The College of Fellows (CoF) is the Tübingen model of a university-based Institute for Advanced Studies. It is addressed to all international postdocs and research fellows at the University of Tübingen. As a platform for research, networking and events, the CoF furthermore invites all university members to actively participate in shaping the international and interdisciplinary exchange within the university and with the public.

Welcome Center

WILHELMSTRASSE 19, 72074 TÜBINGEN

The Welcome Center at the University of Tübingen supports international researchers in their everyday life with advice and assistance before and upon their arrival in Tübingen. It aims to offer a comprehensive range of service so that international scholars can do great research, enjoy life, and look forward to coming again.

Humboldt Club

The Humboldt Club Tübingen is the Regional Group of the German Society of Humboldtians (Deutsche Gesellschaft der Humboldtianer e.V.). Its various activities aim to bring scientists into contact with each other making networking easier for them.
