"I thoroughly enjoyed the IES Winter School. Classes focussed on fascinating political and legal aspects of the European Union and I also came to consider how I could apply these principles to my own region of the world, Australia. TOWN OF TÜBINGEN

Tübingen does not have a university, it is a university. The picturesque historical town center and its attractive position on the Neckar River offer a high quality of life whether you are studying, working, or taking a break.

Located at the heart of Europe

Located in Baden-Württemberg, a southern German region with strong European traditions, Tübingen is close to Strasbourg, France, seat of the European Parliament, and equally close to Frankfurt, seat of the European Central Bank. Stuttgart airport nearby serves many international destinations, putting Tübingen just a stone's throw away from cities in Europe like Paris, London and Barcelona.

Close to Stuttgart – a high-tech region

Stuttgart, the capital of Baden-Württemberg, can be reached in just 30 minutes by train. With over 5 million inhabitants, the Stuttgart Metropolitan Region is one of the biggest in Germany. Home to companies such as Bosch, Daimler and Porsche, it has been a center of technological innovation for over a century. Stuttgart has very good rail connections, putting it just a few hours away from Munich, Berlin and Hamburg.

With this long tradition, the University of Tübingen is one of the most respected universities in Germany. Tübingen has also proven its status as a leading research university in many national and international competitions – in key rankings Tübingen is listed among the best universities for the Humanities and Social Sciences as well as for Science and Medicine.

With its broad spectrum of subjects, the University of Tübingen provides a wealth of opportunities for interdisciplinary collaboration. And such cooperation extends beyond the University and around the world. The University of Tübingen has joint research projects at all levels with other institutions of higher education, with research institutes and with industry.

The University's excellence in research offers optimal study conditions to students who come to Tübingen, combined with the opportunity to emphasize individual interests along the way. The attractive study environment is reinforced by many additional services, such as the Language Centre, interdisciplinary lectures in the Studium Generale and the state-of-the-art University Library.
