

Workshop for International Women's Day

Tübingen Women in Machine Learning (TWiML)

Machine Learning from Theory to Application

March 8th, 2024

Venue: Maria-von-Linden-Straße 6, Lecture Hall

09:00	Arrival and Welcome
09:00 – 09:05	Introduction Claire Vernade , <i>Cluster of Excellence</i>
09:05 – 09:45	Caterina De Bacco , <i>MPI-IS</i> Probabilistic generative models for hypergraphs: structure and inference
09:45 - 10:15	Albane Ruaud , <i>Cluster of Excellence</i> Modelling Bacterial Communities with Graph Neural Networks
10:15 - 10:50	Coffee Break
10:50 – 11:30	Ulrike von Luxburg , <i>Cluster of Excellence</i> Theoretical guarantees for explainable machine learning
11:30 - 12:00	Ana-Andreea Stoica , <i>MPI-IS</i> Algorithm design for social good: fair design and strategic interactions
12:00 - 13:00	Lunch
13:00-13:30	Panel discussion: Ask me anything!
